

Dear all,

As from Sunday 22nd March 2020 at 5.00pm we made the decision to close GYG Karting Ltd, temporarily until further notice in line with the government's guidelines.

We'd like to take this opportunity to thank our incredibly dedicated staff during these difficult times and we would also like to thank our loyal customers, who have been understanding, patient and most of all supportive.

It is vital to our staff, customers, families, communities and country that we adhere to the governments most recent regulations at this time. We will reopen when permission is given and is safe to do so and will keep you all updated with this as much as we possibly can.

If you have made a booking with us in the near future, please do not worry, we will be in contact with you via email or phone and have already began this process from Monday 23rd March 2020.

Finally, look after one another closest to you and protect others which we all have the ability to do. Be kind and stay strong. The sooner we action on this together the sooner the country has a chance to return to normality.

Thank you, stay safe

Love GYG Karting
